

USAID Staffing Report to Congress

June, 2016

The United States Agency for International Development (USAID) is pleased to provide the following report pursuant to House Report 114-154 accompanying H.R. 2772, which details **“the number of people employed by USAID, the category of employment (direct hire, personal service contractor, Participating Agency Service Agreement, and similar categories), the veteran status of direct hires employed by USAID, the office or overseas post to which they are assigned or detailed, the appropriation account used to fund the employees, specific legislative authority needed to hire the employees, and, if hired by another Federal agency, the additional administrative expenses charged by that agency,”** and, **“staffing levels and position titles for all Washington-based and overseas employees by bureau, office or other unit.”**

USAID utilizes multiple hiring mechanisms to accomplish its work and deliver on its mission to end extreme poverty. Congress has provided authorities to USAID that allow for multiple employment arrangements. This allows the Agency to provide effective project design, implementation, and oversight of USAID-managed and co-managed programs. The nature of the work is usually the primary driver in determining the most appropriate type of employment mechanism.

In response to the reporting requirement, USAID provides the following information in five sections:

1. Detail of Washington-based positions, including a table for Institutional Contractors, by operating unit
2. Detail of Overseas Post positions by operating unit
3. Direct hire employee veteran status information
4. Legislative authority needed to hire employees information
5. Administrative Expenses Charged by Participating Agency Service Agreements and other comparable mechanisms

Sections 3, 4, 5

Veteran Status of the Direct Hires

Veteran status of the direct hires employed by USAID, according to personnel system of record as of 9/30/15 (i.e., the last day of payroll for FY2015) is as follows:

Veteran Status of Direct Hires as of 9/30/15

Status	Direct Hires
Veterans	358
Non-Veterans	3,446
Total Direct Hire	3,804

Note that the total direct hires presented here and in the previous sections are slightly different, due to the reports being run on separate dates (i.e., the worldwide staffing reports were run on 9/30/15, while payroll reports, including veteran status reports, were run on the last day of payroll, 9/24/15).

Specific Legislative Authority Needed to Hire Employees

This section summarizes the legislative authorities needed to hire USAID employees.

Direct Hires

Foreign Service Direct Hires are hired under Section 303 of the Foreign Service Act (22 U.S.C. 3943). Some employees have been funded with program funds under Section 7059 of division F of Public Law 111-117, on a limited appointment basis pursuant to the authority of sections 308 and 309 of the Foreign Service Act of 1980.

Civil service employees are hired under the authority contained in 5 U.S.C. Chapter 33 (see 5 U.S.C. 3301 for competitive service and 5 U.S.C. 3320 for excepted service).

Personal Service Contractors (PSC)

USAID has three primary authorities to hire PSCs in Washington and overseas. First is the various "notwithstanding" authorities provided in in both authorizing and appropriations legislation, including those broadly tied to the Assistance for Europe, Eurasia, and Central Asia (AEECA), Transition Initiatives (TI), International Disaster Assistance (IDA), and Global Health Programs (GHP) accounts. PSCs hired pursuant to a notwithstanding authority may work in Washington or overseas. The second basic authority is section 636(a) (3) of the Foreign Assistance Act of 1961 (FAA) (22 U.S.C. 2396) that authorizes USAID to hire PSCs overseas. The third authority that allows USAID to hire up to an additional 40 Washington-based PSCs per annum is contained each year in the Department of State, Foreign Operations and Related Programs Appropriations Act (SFOAA). For FY 2015, that authority appeared in section 7057(g) of the FY 2015 SFOAA. For PSCs overseas and in Washington, predominantly inherently governmental positions are funded with Operating Expenses, while program positions are funded with the appropriate program funds. PSCs are employees of the U.S. Government by contract, and their contracts dictate the terms of their employment.

RSSA/PASA

RSSAs/PASAs are hired under the authority contained in section 632(b) of the FAA to utilize the services of other Federal agencies.

Administrative Expenses Charged by Federal Agencies

This section responds to the specific request for personnel who, "if hired by another Federal agency, the additional administrative expenses charged by that agency".

All PASA agreements with USDA, the predominant agreement at USAID, charge a 15% overhead rate. Agreements with HHS, CDC, and USGS charge 12%, 9%, and 26%, respectively. All overhead rates are based on agreement values and apply to all salary, benefits and other direct costs.

USAID HQ PASA Agencies

Furnishing Agency	Overhead Rate
U.S. Department of Agriculture	15%
U.S. Department of Agriculture (FAS)	15%
U.S. Department of Health and Human Services Federal Occupational	12%
Centers for Disease Control and Prevention	9%
U.S. Geological Survey	26%
U.S. Forest Service	19%

Note: All Overhead rates apply to total cost.
